Dear Parents/Carers,

**Re: Reception Maths Parent Workshop
Wednesday 29th January 2025.**

On Wednesday 29th January 2025 at 9.15am in the hall, I will be running a Reception maths workshop for parents that will explore how we teach mathematics. The workshop will explore the following areas:

- How mathematics is taught through a CPA approach (Concrete- Pictorial- Abstract)
- Concrete resources that we use at school to support mathematical teaching and learning
- The importance of oracy in maths and mathematical language
- An insight into the 'teaching for mastery' approach to mathematics
- How to support your child in adopting a growth mindset in maths so they can achieve their potential.
- How to support your child at home with a five-week activity learning pack from National Centre for Excellence in the Teaching of Mathematics (NCETM) and completion of a survey after the five weeks learning packs have been completed.

Parents attending the workshop should drop their child off as usual and then make their way to the hall (through the main entrance).

Thank you for your continued support and I look forward to seeing you there.

Kind regards,

Mrs D Duggan

Year 1 Teacher and Maths Lead KS1
